

K-8 Tech Integration Ladder

The purpose of this document is to outline steps that we will plan to take in the next year, to help achieve our Strategic Plan goal to *enhance, expand & integrate technology fully into the life of our school and curricula.*

Technology Fair

A school-wide event held in the spring; classes showcase student tech integration artifacts that are produced during the year.

Tech Head-Quarters

Each quarter all K-5 classes will schedule one-hour in the LMC Lab with Mr. Arnold to cover specific Technology skills/learning.

Monthly Integration Meeting

Tech Integration Specialist will schedule monthly meeting with each teacher (30min). To address Student Standards (skills).

Staff Technology Use Workshops

Tech Integration Specialist will conduct a bi-weekly workshop, open to all staff. Aligned with Technology Use Framework.

Staff and Wing-Level Meetings

Ten minutes of each Wing-Level meeting will be used to discuss technology issues. Staff meetings will include a tech-update.

Annual Technology Survey

Each spring, staff will complete a technology survey to provide data on systemic conditions and identify individual technology use gaps.
